Save the Date! - Saturday 1 June 2013

It’s true! You’ve heard the rumours, seen the posters and joined the Facebook page.

Varsity College Junior & Senior campuses will this year hold the ‘Varsity College Winter Fair’ on **Saturday 1 June 2013**.

The first day of Winter & International Children’s Day provides us with the perfect setting to hold our school fair. We want to celebrate our students, showcase our schools and come together as a community for a day of fun and excitement. Amusement rides, live entertainment, fashion parade, craft stalls, student stalls, food, drinks, games, firework display and much more.

**When:** Saturday 1 June 2013 - 12noon to 6:00pm  
**Where:** Central Park, Cnr Varsity Parade & Assembly Drive, VARSITY LAKES

Be prepared – Don’t be dissappointed! To make it easy, we have arranged with the ride company a ‘5hr unlimited ride package’ for the children to enjoy with over 14 options to choose from to suit all ages. Petting farms, jumping castles, dodgem cars, laser skirmish just to name a few. The more wristbands we sell, the more rides we will get!

**Ride Wristbands On Sale – Friday 1 March 2013**  
Go To www.varsity.collegefete.com.au and click on the ‘Rides’ tab

- First 150 wristbands only $20ea  
- Pre-Event Purchased Wristbands $25ea  
- On the Day Purchased Wristbands $30ea  
- Single Ride Ticket (on the day only) $5ea  

(Notes: The school office does NOT sell ride wristbands. Purchases are through the website only)

What do we love most about a fair? Stalls, Stalls, Stalls! Your child’s class will be involved in the fair by holding a stall or food/drink stand. Once teachers have selected their stall, students will be given details and parents are asked to get involved as much as they can. Collecting items, supplying stock, loaning equipment – whatever you can to make your class stall a success! There will be a stall prize for the most successful on the day!

All other fair queries, should be emailed to fete@varsitycollege.eq.edu.au

**See you there!**

Jeff Davis  
Executive Principal  
Varsity College

This will be an alcohol free event.

DO YOU HAVE A BUSINESS?  
- How easily and economically can you promote your business to 5000+ people in one day?  
- Varsity College Winter Fair is offering a unique marketing opportunity.  
- We are now taking expressions of interest for sponsorship and prize donations for our Winter Fair in June.

**PREPARATORY TO YEAR 3 NEWS**

From the Director of Preparatory School  
It has been a smooth beginning to the year, and despite a few changes required for individual students, children have settled...
in well with their teachers and peers for a year of learning. The latest news is that, following our Day 8 audit of student numbers, we became eligible to create a 9th Prep class. This enables us to reduce our class numbers from 26/27 students in a class to 23/24. Over the course of the last week, I have contacted parents from each of the current prep classes to move students into the new class – Prep Orange. This classroom is placed in the After School Care building next door to a Year 1 class. We are pleased to announce the teacher for Prep Orange is Mrs Holly Ratcliffe. Mrs Ratcliffe has been a regular teacher in our prep school over the past 2 years, focused primarily in Prep classrooms. She is very excited to meet her new class and set sail on what will be a great year. With Mrs Ratcliffe coming off her contract with her existing class in partnership with Mrs Rosemary Curmi, I am happy to announce the commencement of Mrs Sandy Daniels as her replacement. Mrs Daniels worked with Mrs Curmi last year on contract in Year 4 so I am glad we could bring them together again to retain this solid partnership.

Whilst talking about After School Care, I have been working with the Regional director for Camp Australia and looking at moving the location of the program to another site on the campus. At this stage, we are looking to move the venue to the Hall and use some of the adjoining undercover areas before and after school. This we believe will be a better venue for this service, as it will have more space, access to netball courts and oval as well as the front car park for easy pick up and drop off. Once we have finalised the licensing agreements and have the go ahead, we will support Camp Australia in their move to the new location. We anticipate this will happen over the next few weeks.

With our growth giving us enough numbers to gain a new class but not quite enough to gain a new building, we have again utilised the Prep administration building to house a Year 1 class for this year. I have purposely kept the class small in number and both teacher and students appear to love their “special room” just down the hall from my office. I thank Mrs Jo Moreton and Mrs Sandy Daniels for their efforts in getting this space set up for learning and operating really well.

New In 2013 - Communication – Parent Portal

This year, we are constructing more efficient and more user friendly means of communication for our community. Our key aim is to reduce the amount of paper we send home and replace this with electronic means of sharing and receiving information. We have begun construction of a Community Portal on our website – the components are being tested at present but this will include a Twitter feed, articles and updates from the Directors, class updates, Varsity Voice (student news broadcast), information on apps for tablets and Windows 8, term calendar, newsslashes etc. Jump on and have a look. We welcome feedback on any other things you feel would be good to add to this portal. Ultimately, you should be able to make your “one stop shop” for keeping up to date and informed on what is happening on the Junior campus.

Every Day Counts

We have recently been collating data around student attendance and linking this to student achievement and the results are quite compelling. In a nutshell, it is clear that the more days you are present at school, the better your chances are of being successful in your learning. In 2013, we will be continuing our campaign to track students who are regular absentee from schools as well as children who are chronically late for school, in an effort to improve their future chances of success. Remember ....Every Day, Every Hour, Every Minute counts.

Learning Preparation

In our school, we are taking on the challenge of moving from a traditional learning paradigm to 21st century learning utilising digital technology and access to online learning opportunities. For our Year 1 – 6 students, an Ed-Studio has been set up on the Learning Place which is now their space for personalised learning at home and at school. This space allows a child to prepare for future learning through the viewing of clips and information so that they come to school with foundation thinking in place. We then can focus on higher order thinking within the classroom, involving collaboration, problem solving and design. Learning Preparation also involves drill and practice in a variety of forms which is still important within the learning process. The elements of Learning Preparation that entail reflection and goal setting align with the 7 Habits philosophy, in particular the Begin with the End In Mind habit where kids set goals and regularly reflect on how they are going in achieving these goals. I believe this “flipping the classroom” strategy puts our students at an advantage over traditional school settings. From the children I have spoken to, learning from a Youtube clip and then blogging or video recording their findings sure seems more exciting and engaging than traditional worksheet orientated homework. At least ... that is what the kids say !

What do you think? E:mail me at jforr12@eq.edu.au with your thoughts.

Thank-you to the 40 + parents who attended the Learning Preparation information session this week run by Kellie Norris, HOD of Year 2/3. This will place you in good stead for the future and will give your child even greater scope for their learning using a digital mode.

News Name: Director Forrest

As we continue to look at ways to improve the college, a variety of roles have evolved and even though I am still the ‘leader” of the Preparatory school, my new name is now “Director of Preparatory”. This new alignment of roles across the college helps us to make decisions that not only impact on students, staff and parents in our sub-school but align better with the overall vision of the college in a P-12 context. Jeff Davis is the Executive Principal, with Mrs Jenni Thew as Director of Junior School and Mr Stephen O’Brien as Director of Senior Campus. Mr Peter Dallas and Miss Amanda Fairhall are the Assistant Directors of the Junior Campus.

Be Proactive – You are in control

Remember your 7 Habits – this fortnight we will focusing on Being Proactive – You are in Control and Begin With the End in Mind – Set Goals & Achieve Your Personal Best. If you look around the school, you will notice all classrooms with their Mission Statements on their windows. This is their collective “End in Mind” plan for the year and articulates how they would
like to be remembered as a group as well as how they want others to see them as a class. Some mission statements are even up as screen savers on their laptops and whiteboards.

*Thanks for your support so far – has been a fantastic start to the year. Now we really get down to business of ensuring your child reaches their potential and are prepared for future success.*

James Forrest  
Director of Preparatory School

---

**JUNIOR SCHOOL NEWS**

From the Principal Desk Junior School

It is wonderful to walk through the Junior School and see students engaged and learning. Learning programs are well under way with Support Teachers of Literacy and Numeracy in classrooms with the assistance of teacher aides to facilitate small group and individual work within classrooms.

We love the support our volunteers provide in the Junior School and thank those of you who attended last week’s Support-A-Reader training. If you missed the training, but would like to assist we are intending to run a night session later this term (please look out for notes going home).

With the roll-out of laptops in Years 4 and 6 complete, Year 5 students will shortly be provided with their devices. The 1:1 platform provides students with access to the digital world and a fantastic range of resources. Staff have been extremely busy sharing their knowledge and expertise with one another across the campus with regard to technology and the curriculum, which will undoubtedly have very positive effects on student learning.

Congratulations to our newly elected Sport Leaders as follows:

- Burleigh: Joel and Gabriel; Bella and Sarah
- Kirra: Zachariah and Zane; Yuri and Peta
- Miami: Jacob, JJ and Cooper; Kayla
- Rainbow: Harrison and Brayden; Tyler and Tori

We are sure they will do a fantastic job leading their respective houses in 2013!

**Xin Nian Kuai Le! (Happy Chinese New Year)**

This year, we are privileged to offer the Chinese Mandarin program to students in Year 3 and Year 4. For the past two weeks, the students have been learning about Chinese New Year and the traditions that Chinese people have during this special occasion such as dragon dancing, receiving red pockets, food we eat and songs we sing.

During our lessons, the students made lanterns to decorate their classrooms and watched videos about Chinese New Year. The videos are posted onto the Learning Place website for Years 4 and 5 students so feel free to take a look at the Dragon shuffle dance that your children were all very excited about!

I look forward to teaching your children about the Chinese language and culture throughout this year.

McGuire Lao Shi (Mrs Teresa McGuire)

**Chinese New Year lanterns decorated in 5Russia’s classroom.**

**Junior PE**

Well a wet and windy start to the term certainly hasn’t dampened the enthusiasm of the Year 4-6 students who have been working hard in these early weeks to increase their fitness. They have learnt to take their pulse and are discovering how this relates to exercise intensity and the achievement of a healthy body.

Students have been engaged primarily in ‘Circuit Training’ allowing them to get a good half hour of movement in each week with exercises such as burpees, sit-ups and squats being class favourites. They have also undertaken lifting some light weights to aid in strength development.

Students will soon be given the opportunity to participate in a Beep Test which is an excellent indication of Aerobic Fitness. This test will then be taken again at the end of the term where we hope to see some significant improvements in the students’ performance.

If you’re looking to compliment your child’s learning at school then 30 minutes a day moderate intensity exercise is great way to keep them healthy, active and ready to learn.

Matt Riley  
Junior School P.E. Teacher

**4 Sarina’s Random Acts of Kindness**

4 Sarina have been busily carrying out Random Acts of Kindness. We have been reflecting on how it makes us feel to do something for someone else. Let’s hear from some of our students.

I made my Mum breakfast which was Weet-Bix and orange juice. My mum thanked me and gave me a huge hug. I felt really touched and happy. - Amelle

I set the table without being asked, and I got drinks for us. My family thanked me and I felt really appreciated. - Jessica

I gave both my mum and dad a shoulder massage. My dad said all the stress had gone away. My mum felt a little bit sleepy. I felt proud. - Alesia

Our research has shown that the best self-defence is kindness. We intend to spread this kindness and to brighten the days of others. 4 Sarina would like to invite you to join us in carrying out Random Acts of Kindness.
ACROSS CAMPUS NEWS

Homestay Families Wanted:

Varsity College has an International department where students from around the world apply to come to our school. Presently we have 28 students, from various countries such as Germany, Japan, Korea and Portugal, to name but a few.

These students can come to an Australian school through Education Queensland international programs. One is called the “Study Abroad” program. This enables the student to experience living and learning in an Australian home and school environment. Traditionally it is for a six to nine month period.

A Graduate student comes to study at an Australian school to enhance their knowledge so that they can continue their studies in their chosen fields. A Graduate Student can be here with their family if they are young and continue on to high school or they may commence part way through high school and stay with a homestay family.

Homestay families are required for our high school students. Interested families apply to their school to be considered however, families of the students can also have a private arrangement with a family member that lives in Australia.

Our International Department within Varsity College, is growing a data base of families who wish to host students from other countries.

Full details of becoming a homestay family are available at www.eq.edu.au however these are the basic requirements:

- Caring English speaking family
- Ability to monitor and assist student in school work as needed such as attend parent teacher interviews, homework etc
- Provide separate bedroom and comply with EOI home requirements/ Inspection of home required
- Supply breakfast, dinner and weekend meals, lunch supplied
- Drop off and pick up at Varsity College or as required
- Acknowledgement of Risk Management Strategy for International Students
- Blue Card for any adult over the age of 18 that resides where student will be (See Sue for more details regarding Volunteer applications. They will be provided but need to be completed & lodged prior to the arrival of students.)
- No more than two international students at any one time, to reside at home

Benefits:

You will be providing a caring family environment for a student who is a long way from home and in turn, you will be able to:

- Introduce your family to another culture
- Make international friends
- Share our Australian culture & lifestyle
- Receive $245 per week to assist you with hosting a student

Once you have looked at the EOI website, you may feel this is something you would be interested in applying for.

If you would like to complete an application form or get more details, please email Sue Jones, International Student Co-ordinator, as soon as possible at sjone416@eq.edu.au or call 5562 3575, Senior campus.

SENIOR CAMPUS NEWS

From the Director of Secondary Campus

I am extremely proud to be able to communicate the incredible start we have had to start of the year at the Secondary Campus. I would like to once again thank the school community for your support of the College uniform policy and the ongoing support and commitment to our College values and school rules. It is amazing to hear the ongoing feedback that we receive from visitors to the school commenting on the excellent level of student engagement in classrooms, the quality of teaching, and the effectiveness of the school environment including the laptop program. This outcome is only achieved through the collective commitment by all community members and through our ongoing commitment to maintaining the high standards that are expected of our school.

Communication processes are extremely important to ensure positive and effective partnerships are fostered between parents, students and teachers. I encourage all parents to attend the information programs throughout the year as well as communicating with relevant classroom teachers through eMail on a needs basis. Staff eMail addresses can be located on the College Website.

It is amazing and a joy to walk through every classroom and see the extraordinary high levels of student engagement and positive behaviours that are on display. This is a result of many factors including the quality of students we have at our school, the excellent teachers, and also, the world acclaimed 1to1 program that is available to students. Once again this year, we have over 1650 students utilising laptop devices to enhance their learning. This is an incredible program and one that no other school can match in terms of the quality of the device. Our digital platform allows students to engage in learning anytime, anywhere and provides them with personalised pathways to meet their own learning needs. I encourage all parents spend the time engaging with their child’s learning program and assessment schedules that are incorporated into their digital learning platform. Any issues or concerns regarding the laptop program are to be directed to the College 1to1 Office.

Congratulations to all students who participated in the recent Middle and Senior Swimming Carnivals. The Carnivals were a huge success thanks to the high levels of participation from students and the tireless efforts of Ms Perrone and the staff of the College who coordinated and supported the running of the events.

Over the past month, team work and leadership programs have been initiated for our Year 9 and Year 12 QCS pathway students. Later in the term our elected Year 9 and Year 12
student leaders will also be inducted into their roles at a whole campus assembly. Additional programs such as High Resolves will also be conducted later in the year with our Year 7 students in our efforts to develop the leadership and teamwork skills within all students.

Stephen O’Brien
Director of Secondary Campus

Behaviour Management Policy
This year Varsity College further improved its Behaviour Management practices in regard to students wearing correct uniform, doing homework and other issues.

Our students are generally excellent in how they wear the school uniform, behave in the classroom and support the school policies. We want to maintain these every high standards consistently across the campus.

To this end, from week four onwards all staff will be recording students names who have failed to follow school policy on a data base for Years 7-12. By doing this a student then sits a lunchtime detention which is fully supervised by staff.

If a student fails to attend a lunchtime detention issued on the day of the infringement then they are placed in the after school detention classroom.

Parents and students will be given twenty four hours’ notice so that alternative transport, work arrangements etc can be made for the student involved.

Students who fail to attend the after school detention will meet the following day with the Assistant Principal to determine whether a suspension will then be given. Parents will be involved in this process.

It is extremely important that families familiarise themselves with the School’s policy uniform, jewellery, hair style/colour, piercings etc in order to avoid potential penalties in the future.

The Behaviour Support Officer and Assistant Principals will visit classes at different times during the day each day to support teachers and students in adhering to the school’s policies.

If you have any concerns or questions regarding how the new system works please feel free to call the Assistant Principals Jo Macdonald, Mark Peggrem or Jeremy Godden.

Mark Peggrem
Assistant Principal Senior School

Students Shine at the Varsity Swimming Carnival
The weather gods were less than kind at both the 2013 Middle and Senior swimming carnivals but that did not stop our students shining and producing some fantastic times and results.

Intermittent showers could not stop Varsity swimmers, particularly at the Middle school carnival, from participating and earning points for their respective houses. Somerset College pool was resplendent with students attired in blue, red, yellow and green outfits. War cries bellowed out as supporters urged on their friends and fellow house competitors.

Sports Mistress Ms Perrone was very happy with the turnout and the attitude of the students at both carnivals. She also praised the work done by teachers who supported her so professionally.

The winning house at the Middle carnival was Rainbow with Miami the gun house at the Senior carnival. Their success was the combination of talented swimmers, fantastic participation across the board and strong house spirit. Congratulations to both Rainbow and Miami.

Varsity swimming team competed at the Oceanic primary and secondary swimming carnivals on Tuesday 19 February and is looking to represent the district team at the South Coast championships next month.

Steve Harriott
Director of Learning and Creative Industries
Team Building Day

The 2013 Year 12 QCS Team Building Day proved to be an overwhelming success again this year. Students from the OP Pathway were bussed to Burleigh Beach to participate in team building activities to allow them to explore their own strengths, appreciate the strengths of other members of the QCS team and work effectively through the problem solving…… together!

Students were randomly divided into teams which focussed on a variety of countries. Using flag colours and designs, students applied body paint to theme their teams and create a bond between team members for the ensuing problem solving competitions. Students then showed initiative and creativity in their approach to the Spider Web, Surf Rescue and Human Ladder tasks.

The teams from Bulgaria, Sweden, Switzerland, Italy, Macedonia and France ended the day with a roaring team chant competition that was greatly admired by not only Varsity students but members of the public! An enormous thank you must go not only to the students for their exemplary behaviour and level of involvement on the day but to Ms Heafield, Mr Brkich, Ms MacDonald, Mr Harriott, Mrs Little, Ms Roderick, Ms Clarke, Mr Reid and Mr Philistin who ran a magnificently smooth program on the day.

QCS Master Classes for 2013

Year 12 parents/guardians would have received a letter in the mail last week informing them of the Mighty Minds Master Class dates for the year. I would greatly appreciate if these dates, also included below for your convenience, are posted to the family calendar. They will permit Year 12 OP Pathway students to organise their time around work and study commitments.

**Junior Uniform shop Closure**

The Jnr uniform shop will be closed on Tuesday 13 March 2013 8.00am – 10.00am

But will remain open Tuesday afternoon 2.00pm – 3.30pm.

2nd Hand Uniform changes

Please note that we are no longer able to accept shorts and skirts for second hand without the Varsity tick logo.

$12 Sport Shorts!!

We still have a few old stock sports shorts available for $12. The sizes are
Boys 4 and 6
Girls 4 and XS
Unfortunately they are non-returnable.

Knitted Jumper – Special price

The senior school knitted jumper is currently at a reduced price of $49.00 whilst current stocks last.

The special is until term 2 only when they will return to the normal price of $59.

These are available size 12 to 20 and are only available at the middle/snr campus uniform shop for year 7 to 12 only.

Telphone Credit Card purchases of Uniform

It is possible to purchase uniform items over the phone which can be collected from the uniform shops or the school office. Purchases can be made by contacting the uniform shop during the opening hours or by leaving a message out of hours. During busy times when we cannot get to the telephone a message can be left and we will contact you as soon as possible.

Year 8 Student Reporters

Year 8 has had a very smooth start to the year having settled in well to their Foundation Classrooms. Our major focus in English in Term One is newspaper reporting.

Students are being asked to read a variety of newspaper articles, both digital and hard copy, on a daily basis during the term.

An interesting fact is when surveyed only about 15% of students indicated that they read newspapers on a regular basis.

Teachers are focusing on the importance of students reading articles and then finding the location in the world of the story.

Parents can help their children by encouraging the reading of these forms of print and digital media at home.

The use of laptops in the classroom and at home makes it extremely easy for students to locate up-to-date information at the click of a button.
