Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Provide targeted intervention for students identified at all ability levels with personalised programs to maximise their achievement and growth in both literacy and numeracy
- Provide teachers with data based intervention strategies and equipment to support the development of individual learning plans for students at all levels
- Continue to build teacher capacity in dealing with learning through different mediums such as ICT, play base curriculum, and the use of outdoor learning opportunities
- Develop the support network available to teachers and students within the classroom and at home
